Jackson, MS 39206

Dear Mr. Dalbey:

Thank you for sharing your concerns regarding the State Employees' Health Insurance Plan with Governor Musgrove during this month's "One-on-One with the Governor."

Governor Musgrove's administration is working diligently to provide accessible and affordable health insurance for all state and public school employees. I have shared your ideas with Ms. Therese Hanna, State Insurance Administrator. Over the coming weeks, we'll be working with the Legislature to ensure that the program is adequately funded and that it provides effective coverage for members.

Thank you again for sharing your concerns with Governor Musgrove.

Very truly yours,

Kelly Riley
Policy Liaison
